

7548q Series Mobile Zero Clients

Model Numbers: 7548qv, 7548qc, 7548qm

Industry Leading Endpoints & Management Software

If you're going to use a laptop, it should be a virtualized Zero Client. The 10ZiG 7548q Series is a mobile, fanless Zero Client device endpoint with full-size keyboard and numeric pad, high-definition audio with built-in mic with two speakers, and an HD video camera - for VDI and DaaS on-the-move! Equipped with free centralized management via The 10ZiG Manager, which comes cloud-enabled with unlimited user licenses. Complete with technical support and software upgrades. Also available in a Thin Client device.
